NATIONAL PARK - INTRODUCTION *Mai L*

- ❖ Area established under section 35 (4) of the Wildlife (Protection) Act, 1972
- ❖ Protected natural habitats established by central and state governments- according to regulations from IUCN (International Union for Conservation of Nature)
- ❖ Provide protection to entire ecosystem, i.e. flora, fauna, landscape, etc. of that region.

National parks are given a greater degree of protection, with human activity greatly restricted - only certain areas can be used

5:34 / 40:21

NATIONAL PARK - DEFINITION

According to the Indian Ministry of Environment & Forests, a national park is

"[a]n area, whether within a sanctuary or not, [that] can be notified by the state government to be constituted as a National Park, by reason of its ecological, faunal, floral, geomorphological, or zoological association or importance, needed to for the purpose of protecting & propagating or developing wildlife therein or its environment.

human activity is permitted inside the national park **except** for the ones permitted by the **Chief Wildlife Warden** of the state under the conditions given in **CHAPTER IV, WPA 1972**".

1970 - only five national parks – today - around 104
